

## European Alliance Announcement

Amersfoort, the Netherlands, 14<sup>th</sup>-Sept-2009

With great pleasure Champtek, a global leader of handheld scanners, omni-directional scanners and RF ID technology, would like to officially announce our new European Alliance partnership with **Partner-Tech Europe GmbH**, a well respected manufacturer of professional POS terminal systems and peripheral equipment, to enhance our presence in the European market. This partnership will synchronize both companies' strengths in product research, development, efficient manufacturing and sales, which will also bring our customers a great benefit.

From the 1<sup>st</sup> of September, Partner-Tech Europe has been assigned as the exclusive partner for distributing Scantech-ID branded products in continental Europe. This new arrangement will allow Champtek's daughter company, Scantech-ID in the Netherlands, to be able to focus on new product development, business development, service and technical support.

Through the collaboration with Partner-Tech, we can provide a more satisfying service and help our customers in creating a successful business.
