

IG380

Imager Barcode Scanner

SCANTECH ID[®]
CHAMPTEK Group

Introduction

The IG380 area imager barcode scanner brings unmatched performance along with the latest advanced technology to the point-of-sale checkout operations, and it is a reliable bar code reader suitable for a wide range of environments. The IG380's features and its outstanding price-performance ratio make it the best solution for retail and POS applications.

The IG380 provides a 'black' or 'warm gray' color option, emphasizing the curving lines of the new enclosure and supports keyboard wedge, RS232 and USB interface. The powerful built-in decoder reads and discriminates all major 1D, 2D bar codes and GS1 DataBar™ symbologies, including damaged or poorly printed codes, reducing processing time and labor costs, while increasing accuracy.

Its barcode programming menu provides extensive configuration options. A stand option can be ordered to facilitate hand-free reading option and by configured to its automatically wake-up reading mode can extend its lifespan.

The IG380 provides customers with the most cost-effective solution in the market and is the best choice for any retail environment.

Features

- Excellent Reading Performance for major 1D and 2D bar codes, e.g. of QR codes, even with 30% damage or one finder pattern missing.
- The best price-performance ratio solution in the market for retail and POS applications.
